

GDPR WEBSITE AUDIT

WE CANNOT STRESS ENOUGH HOW IMPORTANT IT IS TO BE PROACTIVE WHEN IT COMES TO GDPR PREPARATION SO YOU DON'T GET CAUGHT OUT.

PC Consultants offers to examine your website with a simple audit to create a plan for compliance.

- Web forms - Analysis of current forms, their wording, how they work and how it relates to the business process.
- Cookies - Analysis of what is running on the site and the process for opt-in/out and withdrawal of consent.
- Security - High level analysis of the overall site security.
- Privacy - Analysis of current privacy policy against current data usage/collection and GDPR requirements.

WEBSITE AUDIT | £120 + VAT
